

CareerNest

The complete, ready-to-launch job portal and recruitment platform —
built for job seekers, employers, and admins alike.

22 Modules

2 Payment Gateways

Installable PWA

Built-in Admin Suite

One Platform. Three Experiences.

Job Seekers

Build a resume, find the right roles, and track every application in one place.

Employers

Post jobs, search candidates, and manage hiring teams with ease.

Administrators

A full control center for users, billing, content, and moderation.

FOR JOB SEEKERS

Built for the job search

Everything a candidate needs to find
and land the right role, in a single
guided experience.

Smart Resume Builder

Guided builder with auto-parsing and content suggestions.

Powerful Job Search

Filter by category, industry, skill, and location.

Saved Jobs & Alerts

Never miss a match with instant notifications.

Application Tracking

A live timeline through every stage, up to the interview.

Verified & Premium Profiles

Stand out to employers with badges that build trust.

FOR EMPLOYERS

Hire faster, manage smarter

Job Posting & Management

Publish and manage listings in minutes.

Candidate Search & Shortlisting

Find and rank the right talent fast.

Team Accounts & Roles

Multi-seat access with full activity logs.

Applications & Interview Scheduling

Move candidates through every stage.

Employer Dashboard

A single view of hiring performance.
